Our 4 Star Resort & Location

Sunset Resort is situated on the sheltered western coast of Rarotonga. Boasting an absolute beachfront location, Sunset Resort provides our guests with the opportunity to see stunning sunsets, swim and snorkel in the clear blue waters directly off the beach, in the season (June – Oct) sight whales as they swim by, relax in a hammock or lounge on the sandy beach under the palm trees or in our beachside gazebo.

Our location on Rarotonga is perfect - close to the International airport, the main town of Avarua and the famous Punanga Nui Market. In our local area there are activities and tours on offer and the golf course is close by, along with great café's, excellent restaurants, and the local Rarotonga Brewery.

Sunset Resort offers 35 Suites and Studios, it has all the services you would expect from a large resort, but comes with a friendly, boutique atmosphere.

Our Suites and Studios are located either beachfront or amongst tropical gardens near the swimming pools. All of our rooms are air-conditioned and have insect screens. Some of our Suites and Studios have accessible bathrooms and with paved pathways throughout the resort, the property is ideal for our guests who have mobility difficulties.
