Landscaping

We have recently completed new landscaping and gardens around the Beachfront Hotel Room block which make the area look so tropical and relaxing. Work now begins around the Beachfront Bures and onto the Two Bedroom Garden Bure section. Work is low noise and kept to a minimum to avoid guest disturbance.

Tavola Pool decking area

Work has commenced on new decking area around Tavola pool. As this is not close to guest rooms we don't anticipate any major impact. Work is undertaken 7am-5pm daily. The decking area is expected to be completed mid-Dec 2023.
