# YASAWA EXPERIENCES

## MARINE CONSERVATION EXPERIENCE

Learn about the great work that the Marine Biology team is doing at Barefoot Manta Island Resort and Barefoot Kuata Island Resort and participate in a coral planting session.

## SOUTH SEA ISLAND INCLUSIONS + DRINKS PACKAGE

Your stay includes a range of activities, from the Semi-Sub Coral Viewer to kayaking, paddle boarding, and guided snorkelling. Join fun, hands-on sessions with the island's in-house marine biology team. Local beer, house wine, soft drinks, and bottled water are included from 10.45am to 4.00pm.

## GUIDED HIKES

The Yasawa Islands are made up of a series of volcanic peaks. A climb to one of the many summits offers panoramic views of the region's unique landscape.

## GUIDED REEF SNORKELLING

Explore the pristine waters and coral reefs of the Mamanuca and Yasawa Islands, either at your own pace or with a guide.

**NOTE:** If events beyond our control make a YASAWA EXPERIENCES activity unavailable, an alternative will be provided. All activities will be based on the activities provided at the hotel confirmed in the final itinerary and may be substituted for an alternative, should they not be available or operational upon clients arrival. Not all activities are included in all packages. Please refer to itineraries for details.

The Yasawa Islands have some highly memorable experiences on offer and we've included a selection in our inclusive packages. Check out the inclusion list on your chosen itinerary to see which of the awesome experiences below are included.

**Inclusive Packages & Dive Packages also come with a BONUS day at Malamala Beach Club!**

### SWIM WITH MANTA RAY

A definite bucket list item! The manta ray visit a particular channel between two islands to feed during high tide. Experience these majestic creatures as they turn and glide in the waters beneath you (May-Oct).

### NAMA HARVESTING

Nama or Sea Grapes are a local delicacy and are also used in skincare. With a local guide, carefully hand-pick the top part of the nama clusters, leaving the root system intact, allowing the plant to regenerate within a few weeks, and taste for yourself.

### SAWA-I-LAU CAVES TRIP

The spectacular scenery in the Sawa-I-Lau region is worth this trip alone, but then there's the magical experience of the sacred caves themselves (be brave and take the underwater tunnel through to the second cavern!). No diving experience is necessary and flotation devices can be provided.

### SUNSET TUBE CRUISE

Chill out with a cool drink in hand, floating in the water, in a tube, or on the boat, watching one of Fiji's famous sunsets. A spectacular end to the day.

### SNORKEL WITH REEF SHARKS

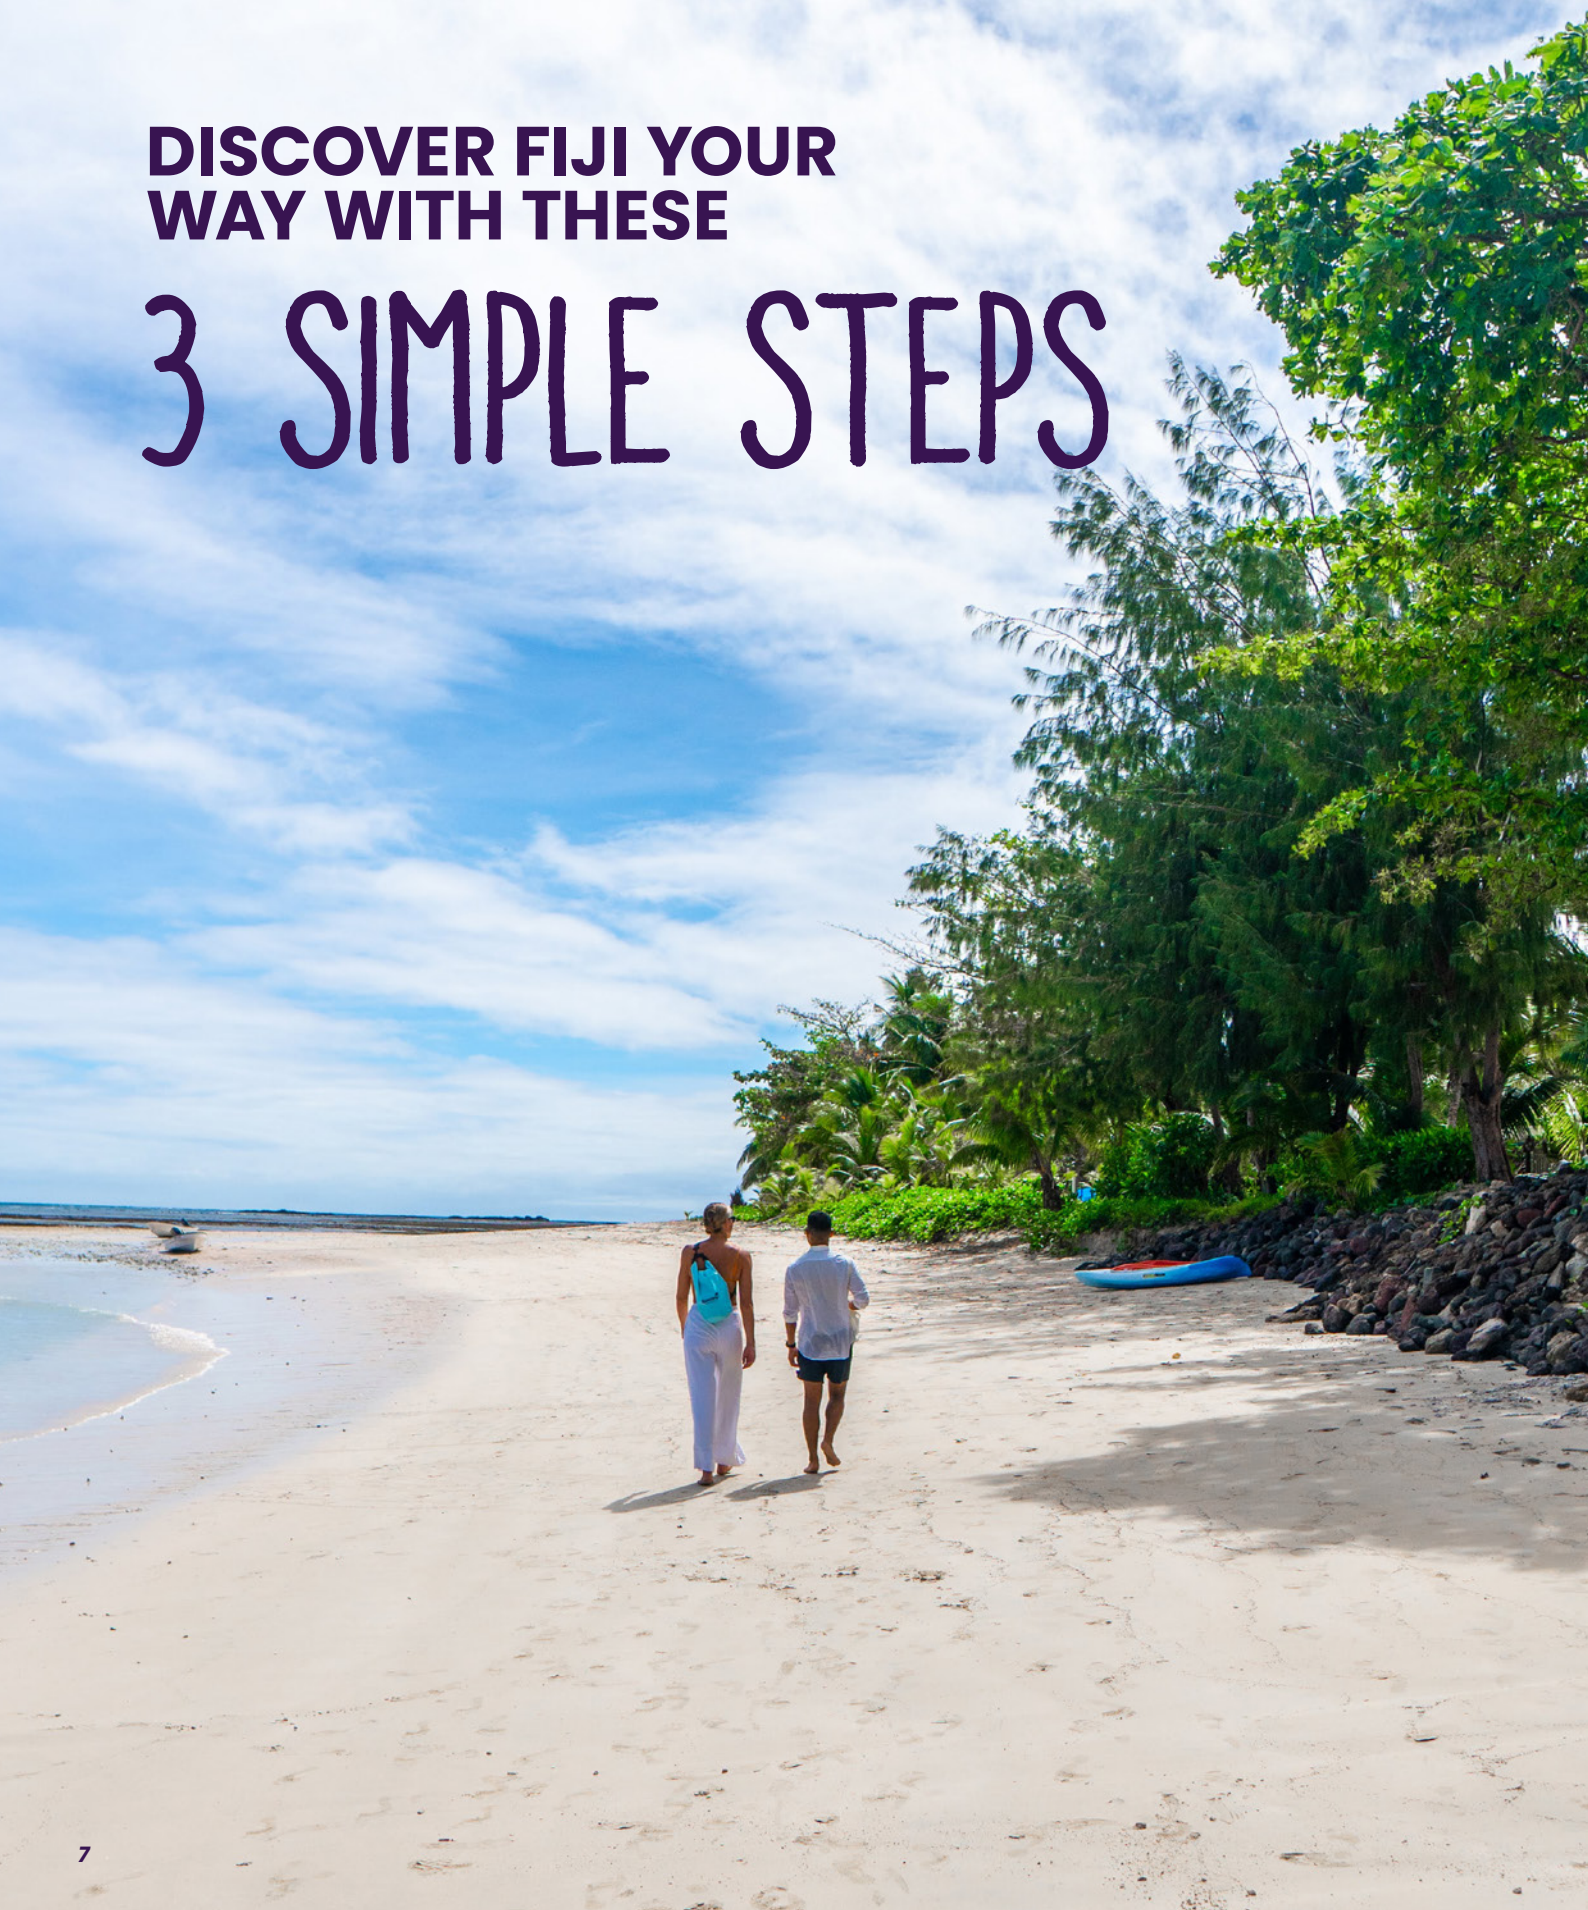

Mouva Reef is only a short boat ride from the white sandy beaches of Barefoot Kuata Island Resort. The reef has an abundance of colourful fish, beautiful corals, along with whitetip and blacktip reef sharks. If you're feeling nervous, rest assured these friendly sharks are more interested in the fish than you.
